Check your information that's already shown and provide the remaining information. If your name, middle initial, or date of birth needs correcting, contact AP Services for Students after completing your registration. If you make changes to any other information in your AP Profile, you'll also need to sign into your College Board account to make the same changes.

College Board Account Tips

You need a College Board account to join your AP class section, receive AP assignments from your teacher, and register for AP Exams. If you don't already have an account, please sign up at collegeboard.org/register. A family member shouldn't create an account for you. Keep your account information in a safe place only you can access.

DO YOU ALREADY HAVE AN ACCOUNT?

All College Board programs are connected through one account, so if you created one for AP, PSAT/NMSQT, SAT, or BigFuture® Opportunity Scholarships, you're all set.

IF YOU HAVE TROUBLE SIGNING IN TO YOUR ACCOUNT

- If you can't remember your login information, follow the **Need help signing in?** links at myap.collegeboard.org.
- If a family member set up your account, ask them for the login information. You may want them to sit with you while you sign in.
- If you can't remember the answers to your security questions, see if a family member has them.
