THE KALYANI SCHOOL

NEWSLETTER - AUGUST 2026

From the Editor's Desk...

The month of August is associated with the sovereignty, dignity and identity of the entire nation of proud Indians, irrespective of caste, race and social strata. As we sing 'Vande Mataram', or 'Jana Gana Mana', the voices of a million blend into a single voice of India. Our country is one of the largest in the world, and therefore, undoubtedly hugely diverse. However, it is indeed a wonder how despite so many multiplicities among the incredibly large population, we still rise above all differences, and unite every time our nation needs us.

When we look around us at the constant upheavals and strife all over the world, sometimes we despair. We feel that humanity might not be able to endure much more, and will succumb to the darkness. But, every time we rally around, and show the world that Indians are made of sterner stuff. We might have our differences - that is only human - but just like a family, the thread that binds us is stronger than all the hatred, animosity and discord put together.

When we celebrate Independence Day, it is not just a holiday marked in red on our calendars. It is a day of reflection — a moment to pause and remember the courage of those who fought for a dream, which most of them hadn't been able to see fulfilled. This dream has passed on from one generation to the other, with the same fervour and commitment. Today's Indians carry the same legacy forward in a different form. Their wars are not fought with weapons; but with knowledge, discipline, and character. Every time honesty is chosen over shortcuts; every time a hand reaches out to someone in need; every time an honest step is taken towards a goal, we win our battles in our own small ways. We have done this before, we will do it again when our nation will ask for progress, innovation, and integrity.

Jai Hind!

"Where the mind is without fear and the head is held high... into that heaven of freedom, my Father, let my country awake."

— Rabindranath Tagore

THEY DO US PROUD

We announce with immense pride that The Kalyani School facilitators, were felicitated at The NCEAS Launch and Educators' Appreciation Programme, which took place on 30th of August, at MIT-WPU, Pune. This special event celebrated educators and honoured their teaching contributions and academic dedication. We extend our heartiest congratulations to Ms. Nupur Mokashi, Ms. Ankita Rawat, Ms. Renu Rao, Ms. Rajani Yadav, Ms. Luna Datta and Mr. Amit Pawar, for their truly well-deserved award and honour.

The Kalyani School had been awarded the Diamond + rating by the QS-I Gauge, India's Premium Education Rating System, thus earning recognition for excellence, innovation, and competitiveness in the field of education.

Ms. Deepti Vaidya and Ms.Tabassum Naikwadi, visited The QS I-GAUGE National Summit on AI in Indian Education, held on 21st of August, at The Leela, Gandhinagar, Gujarat, which brought together educators, policymakers, and industry leaders to explore the theme, 'Advancing Responsible AI for Access, Equity and Excellence'. They received the Certificate of Excellence on behalf of the school, marking a significant milestone in The Kalyani School's journey towards educational excellence and responsible innovation.

"The future belongs not to those who predict it, but to those who prepare for it."
— Peter Drucker

THEY DO US PROUD

The Kalyani School students had participated in the G K Gurukul Udaan Competition on 20th of August. They won accolades in various categories, and the team was given the Best School Award.
Prabhjot Singh Nanda from Grade XI, and Saura Nayar from Grade XII were the Runner-up in the TeD Titans - Elocution (XI-XII) category.
Arnav Khandelwal was Second Runner-up in the TeD Titans - Elocution (VII-VIII) category.
Kartik Nambisan from Grade IX, Huzaifa Bohori from Grade X, Vevaan Verma from Grade XI, and Mayan Sreedharan from Grade XII were the Winners in the Sports Entrepreneurship category.
Great job done, Kalyaniites. May you get success in every venture in the future as well.

Hridhaan Shah of Grade XII has secured the Third Position in the Boys' U-17 category of the Squash Tournament, organized by the Egyptian Squash Federation, at the Madinaty Sporting Club, new Cairo, Egypt. This 5 Star tournament was played between 5th to 9th of August.
Hridhaan has won further accolades in the Southern Slam International Tournament, 2026, conducted by SRFI (Squash Racket Federation of India), from 17th to 22nd of August, at ISA, Chennai. He achieved the 2nd Runner-up Position in the tournament, in the U-17 Boys' category.
We are very proud of Hridhaan's impressive success story, and wish to see him touch many more rungs of triumph.

To add to our pride, our TKS U-19 Girls 4x100 m Relay Team has won the Gold Medal, at the CBSE Athletics Cluster Competition. With this victory, the team has qualified for the CBSE National Athletics Championship in Punjab.
The Awardees are:
Aanya Ranjit and Vidhi Lade from Grade XI; and Karish Kakkat and Amolika Acharya from Grade XII.
TKS has won the Overall Runner-up trophy in the Girls' category, with tremendous effort and skills. We are proud of our girls, and wish them success in their future ventures as well.

AMOLIKA

At the CBSE Basketball Tournament, which was conducted on 26th of August, the Kalyaniites have brought home awards galore.
The U-17 Boys were the Winners, and received the Gold Medal.
The U-19 Girls were the Winners, and received the Gold Medal.
The U-19 Boys were the First Runner-up, and received the Silver Medal.
The U-17 Girls were the Second Runner-up, and received the Bronze Medal.
With their commendable performance and skills, the U-17 Boys and U-19 Girls' teams have qualified for the National level.
These results reflect the students' hard work, dedication, discipline, and team spirit. It is indeed a very proud moment for our school!

"The most difficult thing is the decision to act, the rest is merely tenacity." — Amelia Earhart

RIDHIMA

AADI

AADRITI

At the Abhivyakti Extempore Competition, Ridhima Sreedharan of Grade XII, achieved the First Position, in the XI - XII category; Aadi Nema of Grade X, achieved the First Position, in the IX - X category; and Aadriti Sharma of Grade IV, achieved the First Position, in the III - IV category. It was a district level online competition, organized by C P Goenka School, on 1st of August. We congratulate the Kalyaniites for their laudable skills of speech, and ready thinking, and wish them many more successes in the future.

We are proud to announce that Aryan Arora of Grade IX was the Winner of the U-19 Mixed Singles, and has also reached the Semi-Finals of the Mixed Singles U-15 category, in the 6th Sports Champ, Table Tennis Open Tournament 2026.
Arnav Mittal of Grade XI has reached the Semi-Final stage of the U-19 Mixed Singles in the same tournament.
This city level match was conducted by CSK Sports Club, Pune. Great job done, Boys. Way to go!

ARYAN

ARNAV

Abeer Maddhav of Grade VIII, has done us proud once again. He secured the 4th Position, in the U-14 Boys category in the Vinayak Nimhan Krida Mahostav, FIDE rated, Rapid Chess Tournament. It was conducted at Sunny's World, and was organized by Sunny Nimhan, and Maharashtra Chess Association, on the 1st and 2nd of August. We wish Abeer all the best for every tournament he plays in.

We are very proud to announce that for the second time in a row, our TKS U-17 Girls' Handball Team has secured the Gold Medal, in the CBSE South Zone-II Tournament. The team played the Final match against VPIEM School, Baramati, and the score was 10-5. With this win, they have qualified for the CBSE National Handball Championship to be held in Uttar Pradesh. The match was organized by Sanjivani International School, Shirdi, from 31st of July to 5th of August, at the Rahata Krida Sankul, Shirdi.
The U-17 awardees were Lyla Nangrani, Anvi Ghule, Ishwari Kharade, Vinmayi Ghule, Vaibhavi Pakhale, Arya Ware and Aarya Kale from Grade VIII; Naisha Agarwal from Grade IX; Asparsha Singh from Grade X; and Asmi Gupta and Janvi More from Grade XI.
The U-14 Girls Handball Team too, have brought home laurels. They secured the Silver Medal in the CBSE South Zone Tournament. They played the Final match against Dudupudi School, Karnataka.
The U-14 awardees were Suhana Ghosh from Grade VI; Arianna Jhajhoria, Divyanshi Dudhe and Swamini Ghule from Grade VIII; and Meisha Jhunjhunwala, Aahana Lakhani, Ahana Shah, Revshri Chandane, Abhirami Waghchoure, Bhakti Ware and Aanya Saraf from Grade VIII.
Both teams gave a very impressive demonstration of their skills and coordination on the field. We congratulate them all, and wish them the best for their next matches.

At the online AFS Voice Only Challenge - an audio story-telling competition, organized by Jindal Vidya Mandir School, on 13th of August, Avantika Sen of Grade XI, has been awarded the 1st Position. She has won the title of the 'Excellent Storyteller' out of the 40, who had participated in the event. We are very proud of her outstanding narrative skills, and extend our heartiest congratulations on her success.

At the All-India Karate Championship, organized by Karate Organization of India (KOI), the Kalyaniites have achieved commendable results in the U-12, U-14 and U-17 categories. This National level tournament was conducted at Talkatora Indoor Stadium, Delhi, from 6th to 10th of August.

The proud achievers are listed below:

Arihaan Sharma of Grade IV won a Bronze Medal; Nehansh Kalbhor of Grade V won Gold and Silver; Prerit Jain of Grade V won Silver; Rishika Vyas of Grade VIII won Bronze; and Rudra Khot of Grade XII won Bronze.

Great going, children. May you all go from strength to strength!

The Kalyani School Band participated in 'Sunehre Pal – Night of Bands' Competition, organised by The Orchid School, Baner, on 7th of August, and achieved the Second Position.

The representing participants were Ishaan Sodhiya, Janelle Fernandes, and Lyla Nangrani from Grade VIII; Tavishi Agarwal, Meher Ahluwalia and Rudraksha Rawat, from Grade IX; Akshat Sharma from Grade X; and Anvita Gajendran from Grade XII.

A special shout-out goes to Rudraksha Rawat of Grade IX, who was awarded in the Spectacular Bass Guitar category; and Meher Ahluwalia of Grade IX, who was awarded in the Exceptional Instrumental (Violin) category. Troy Sir was awarded for 'Exceptional Mentorship'.

We are indeed proud of all our very creditable performers, for their musical talents, and wish them a long and musical journey ahead.

The Synkronia Fest 2026, an Intercollegiate Junior College Festival celebrating a variety of talents, competitions, and creative genres, took place on 8th of August, hosted by The Bishop's Co-Ed School in Kalyani Nagar. We are very happy to share that the TKS students were awarded in the following categories:

In Instantania (Extempore), Anvi Mishra of Grade XI, won the 1st Prize.

In Nexus (A Roundtable Conference), Neel Shah and Niyati Asati, from Grade XII, won the 2nd Prize.

In Revivex (A Pitching Event), Aayan Anand, Vevaan Verma, Vihaan Bhutada from Grade XI won the 2nd Prize.

We extend our heartfelt congratulations to all the awardees, and wish them many more successes in the years to come.

Ayaan Chaudhary, of Grade XII A, and Neyansh Rai, Tanishq Dhake, and Malhar Saket Tilekar of Grade IX, participated in the Quiz Competition held on 12th of August, at Elpro City Square Mall, Chinchwad. The students were selected to represent the school, based on their performance in the written test conducted as part of the Quiz Club activities. The competition witnessed enthusiastic participation from students representing 150 schools, making it a highly competitive and challenging event. Demonstrating excellent knowledge, confidence, teamwork and quick thinking, the Kalyaniites successfully progressed to the final round of the competition. Their remarkable performance earned them a cash prize of ₹4,000 along with certificates. The students' success reflects their dedication, competitive spirit and ability to perform effectively under pressure. Congratulations to all the participants on their commendable achievement!

The Kalyani School U-19 Girls' Football Team has secured the 2nd Runner-Up Position in the CBSE South Zone II Football Competition 2026. It was conducted from 16th to 21st of August, at De Paul Public School CBSE, Shrirampur, Shirdi.
The awardees were Janvi Gadekar of Grade IX, Saanchi Whig of Grade X, Avni Parashar, Chitrakshi Singh, Sara Agrawal, Jagruti Tejwani, Swara Shelke, Ehawee Rao, and Noorie Dudani of Grade XI, and Karish Kakkat, Avika Jain, Ujjayni Sitoley, Anaysa Biju and Tanvi Patel of Grade XII. A big congratulations to the entire team. May they go from strength to strength.

In the Girls' U-19 National level Athletics Competition, conducted by CBSE from 7th to 13th of August, at Rahta Sports Complex, Shirdi, the Kalyaniites have proved their mettle and skills, by winning medals and plenty of accolades. The awardees are as follows:
Vidhi Lade, of Grade XI, achieved the 1st Position in the 100 m Run and 2nd Position in High Jump.
Amolika Acharya, of Grade XII, achieved the 1st Position in Triple Jump, and 3rd position in the 200 m Run.
Asmi Gupta, of Grade XI, achieved the 1st Position in the 1500 m Run and 2nd Position in the 3000 m Run.
Avni Parashar, of Grade XI, achieved the 2nd position in Long Jump.
In the Boys' U-14 category of the same tournament, Jiyansh Mittal, of Grade VIII achieved the 2nd Position in High Jump.
It is indeed a proud moment for the Kalyaniites. We extend our heartfelt good wishes to the achievers, and wish them more success ahead.

SPECIAL ASSEMBLIES

Senior K.G. A

The children of Sr. KG A presented a Special Assembly on the theme, 'World Friendship Day', on 4th of August. The programme began with a skit titled, 'The Rainbow Garden'. Through their simple dialogues and expressive acting, the little ones brought an engaging story to life, where different flowers argued about who was the most superior. It ended with the realisation that a garden looks its brightest and most beautiful, only when different kinds of flowers bloom together, happily. After the skit, the children sang a lively and rhythmic song on friendship, with appropriate hand movements and actions. The energy continued with a colourful group dance, where the young performers moved with music, celebrating unity and togetherness. The students also shared amazing facts about Friendship Day, capturing everyone's interest. Their confident expressions reminded everyone that a true friend is a priceless treasure. They enjoyed performing the meaningful skit, singing the friendship song, and dancing together. They confidently shared the 'Amazing Facts' about Winnie the Pooh, animals, and the historic bond of Krishna-Sudama. The Assembly ended on a happy note conveying the critical social message on the 'Importance of Friendship' and the necessity of unity and mutual respect.

Grade II D

The Grade II D students celebrated 'Fresh Breath Day' with great enthusiasm through a Special Assembly, on 6th of August, to spread awareness about the importance of good oral hygiene and healthy habits. The programme was organized to teach students how to keep their teeth and mouth clean and maintain fresh breath. The Assembly began with a skit on oral hygiene, which showed how poor dental habits can lead to tooth decay, bad breath, and other serious problems. The students enacted the roles of bacteria and germs. To counter these villains, they performed the roles of superheroes like the tongue cleaner, floss, toothbrush, and told the audience, the importance of brushing teeth twice a day, cleaning the tongue, rinsing the mouth after meals, eating healthy food, and visiting the dentist regularly. A lively dance performance was presented by the students, which made the programme enjoyable and energetic. This was followed by a song based on cleanliness, and the methods of taking care of our teeth. The children participated enthusiastically, and spread the message that taking care of their teeth is an important part of staying healthy. 'Fresh Breath Day' was a meaningful event that encouraged everyone to develop good oral hygiene habits

"Volunteers do not necessarily have the time, they just have the heart."

— Elizabeth Andrew

SPECIAL ASSEMBLIES

Grade XI A

The students of Grade XI A presented a Special Assembly on Digital India, on 12th of August, highlighting the significant role of technology in transforming everyday life in India. The main presentation showcased India's journey from the pre-digital era to the present, highlighting digital payments, online education, e-governance, telemedicine and digital communication. A thought-provoking dinner-table scene reminded the audience that while technology connects us with the world, excessive dependence on digital devices can sometimes disconnect us from those around us. A song was also presented, which highlighted the theme of technology becoming increasingly indispensable in our lives. To enhance the impact, a graceful dance was also performed. The Assembly concluded with a strong message on responsible digital citizenship and the need to use technology wisely and purposefully to build a smarter, safer and more connected India. The students of Grade XI A demonstrated enthusiasm, confidence and creativity, successfully conveying the opportunities and responsibilities associated with the Digital India initiative.

Grade XI B

The students of Grade XI B presented a Special Assembly on International Youth Day, on 12th of August, celebrating the energy, potential and significant role of young people in shaping a better future. The programme highlighted the importance of youth as agents of change, emphasizing their role in education, innovation, social responsibility and nation building. Through meaningful presentations and performances, the students conveyed the message that young people possess the power, creativity and determination to bring positive change to society. A thought-provoking segment encouraged the audience to reflect on the responsibilities of today's youth and the importance of making wise choices, developing leadership qualities and contributing positively to the community. The programme concluded with a meaningful pledge by the students to demonstrate enthusiasm, confidence and creativity, in whatever they did. The Assembly successfully conveyed the spirit and significance of 'International Youth Day'.

"You are never too young to lead, and never too old to learn."
— Kofi Annan

SPECIAL ASSEMBLIES

Grade I B

The students of Grade I B presented their Special Assembly on World Elephant Day, on 11th of August. The students highlighted the importance of being kind and caring towards animals. They shared amazing facts about elephants, helping the audience learn about their unique features and their significance. A lively skit conveyed the message of loving and protecting elephants, and their natural habitats. This was followed by a beautiful poem and an energetic dance performance, which added joy and excitement to the celebration. The students confidently explained why elephants are important to the environment, and how significant they are in our environment. They inspired the audience to develop love, empathy and respect for all animals. The Assembly concluded with a meaningful message encouraging everyone to respect animals, protect wildlife, and care for nature. The children performed with confidence, creativity, and enthusiasm, making the Assembly a memorable learning experience.

Grade II A

The Grade II A Special Assembly on 'Clean India - Green India' was conducted on 20th of August. The prayer was followed by a thought-provoking video that highlighted the beauty of nature, and the responsibility of every individual towards protecting the environment. The main highlight of the Assembly was an engaging skit, in which the children travelled to the future, and they witnessed the alarming effects of environmental neglect. The performance effectively conveyed the consequences of careless human actions on nature and society. When they returned to the present, their teacher introduced solutions and encouraged everyone to become Green Warriors. The audience was given practical ideas to protect the environment through simple actions such as planting trees, conserving water, reducing waste, and maintaining cleanliness. The Assembly continued with a melodious song on 'Clean India - Green India', spreading a strong message of environmental responsibility. The students also shared valuable alternatives to plastic, promoting the use of cloth bags, paper bags, steel bottles, glass containers, and other eco-friendly products. A vibrant dance performance further enhanced the theme and captivated the audience. The programme successfully created awareness among students about environmental conservation and sustainable living. The audience responded enthusiastically and was encouraged to reflect on their daily habits and how small actions can make a positive difference to the planet.

"Clean hands can build a clean world; green hearts can keep it alive."

— Proverb

SPECIAL ASSEMBLIES

Grade IX B

The Special Assembly of Grade IX B was conducted on 5th of August, to commemorate the historic Abrogation of Article 370. The programme provided an insightful overview of the constitutional provision, tracing its journey from 1947 to its abrogation on 5th August 2019. The students conducted extensive research, and presented well-curated facts, enabling the audience to understand the historical and political developments associated with the Article. A key highlight of the assembly was the reconstruction of the Parliamentary Debate of 5th August 2019, which recreated the discussions that culminated in this landmark decision. The performance was engaging, informative, and received great appreciation from the audience. The cultural segment beautifully complemented the theme, with the song 'Tu Jhoom' symbolising the journey and spirit of Kashmir, followed by a vibrant performance of the traditional Kashmiri folk song 'Rinde Posh Maal', which showcased the rich cultural heritage of the region. The Assembly concluded on a patriotic note, leaving the audience with a deeper understanding of this significant chapter in India's history. It proved to be a highly informative and enriching learning experience for everyone. Researching the historical timeline of Article 370 and presenting different perspectives, helped the students gain a deeper understanding of the topic. The Parliamentary debate and cultural performances made the learning engaging and memorable, while encouraging students to appreciate the importance of history, constitutional awareness, and informed civic participation.

Grade VIII D

Grade VIII D presented a profoundly moving and intellectually engaging Special Assembly, on 11th of August, commemorating Hiroshima and Nagasaki Day. Through a captivating interactive Quiz and a poignant skit titled ‘Shor se Shanti Tak’, the students powerfully illustrated the catastrophic impact of the 1945 atomic bombings. The performance celebrated the enduring resilience of survivors (hibakusha), emphasizing that true triumph lies in recovery and progress, rather than destructive revenge. An illuminating historical speech of J. Robert Oppenheimer, paired with an expressive, cinematic dance performance, successfully underscored the devastating human cost of conflict, and the ethical responsibility of scientific advancement. The Assembly culminated in a spectacular visual moment, as students raised paper doves, uniting to declare, "Peace begins with us." The presentation left a lasting impression, inspiring the audience to champion global harmony and empathy, actively.

“There is no joy equal to that of being able to work for all humanity and doing what you're doing well.”

— R. Buckminster Fuller

SPECIAL ASSEMBLIES

Senior K.G. D B

The students of Senior K.G. D presented a Special Assembly on the topic, 'National Ice Cream Pie Day', on 18th of August. The fun and interesting theme of the Assembly was introduced through an engaging presentation. The students enthusiastically participated in various segments, including the Prayer, Thought for the Day, and News. The highlight of the event was a fun-filled skit based on ice cream pie, where the children creatively portrayed different flavours and ingredients. Through their performance, they highlighted the joy of sharing, making healthy choices, and enjoying special moments together. Their confident expressions and cheerful presentation brought smiles to the audience. A melodious song and energetic dance added colour and excitement to the Assembly. The children performed with great enthusiasm, and demonstrated excellent coordination and teamwork. The celebration was not only entertaining but also provided the children with an opportunity to learn, express themselves, and participate joyfully in a unique theme-based activity. The little ones enjoyed participating in the Assembly, and were excited to perform on stage. They particularly enjoyed the skit, song, and dance related to the ice cream pie theme. The audience appreciated the cheerful presentation and the innovative way in which the theme was presented.

Grade IX C

A Special Assembly was conducted by Grade IX C, on 19th of August, to observe World Humanitarian Day, a day dedicated to recognising the courage and compassion of people, who help others during times of crisis. The highlight of the programme was a powerful skit portraying the challenges faced by people affected by war, natural disasters, hunger and social injustice. Through stories set in Afghanistan, Uttarakhand, Türkiye-Syria, Somalia and Ukraine, the students showcased the selfless efforts of humanitarian workers, who risk their lives to save and support others. The educational segment highlighted the significance of 19th August, commemorating humanitarian workers, who lost their lives in the 2003 Baghdad bombing. It introduced the audience to organisations such as the Red Cross, UNICEF, Doctors Without Borders and NDRF. The Assembly conveyed a meaningful message that small acts of kindness — helping someone in need, feeding the hungry, donating blood or supporting someone in difficulty — can make a difference. The Assembly concluded with a pledge to practice kindness and compassion in our everyday lives. The presentation reminded everyone that every act of humanity counts.

"I believe that there is a greater power in the world than the evil power of military force, of nuclear bombs - there is the power of good, of morality, of humanitarianism."

— Linus Pauling

SPECIAL ASSEMBLIES

Grade V C

Grade V C presented a Special Assembly on World Organ Donation Day, on 13th of August, on the topic, 'Gift of Life', focusing on the values of compassion, and selfless giving. The students introduced the concept of organs and organ donation. They shared information about the growing culture of organ transplant in India. The highlight of the Assembly was the skit, which portrayed a family's difficult decision to donate the organs of their brain-dead son, and showed how the donation gave hope and a second chance to several recipients. This was followed by a bilingual rap spreading the message of organ donation. The students also presented the history of organ transplantation, explained the importance of the Green Corridor, and encouraged the audience to become organ donors. An energetic 'Hall of Fame' dance performance followed, which reflected the theme of kindness and compassion. The Assembly concluded with an interactive Guest Q&A session with Dr. Narkhede, where the students asked questions about organ donation, eligibility, living donation, the donation process, and how young people can spread awareness. The programme successfully created awareness about organ donation, its life-saving impact, and the importance of compassion and selfless giving. The students reflected on how one selfless decision can bring hope and a second chance at life to others, and encouraged the audience to spread awareness, and practise empathy and kindness.

"You give but little when you give of your possessions.
It is when you give of yourself that you truly give."
— Kahlil Gibran

CORE VALUES PRACTISED BY THE KALYANIITES

Raincoat Distribution Drive

The Interact Club of The Kalyani School, with the generous support of parents, organized a Raincoat Distribution Drive, on 3rd of August, to provide protection and support to those in need, during the monsoon season. The parents and the students of Grades VI-VIII contributed raincoats for this meaningful initiative. The collected raincoats were handed over to the Rotary Club, Kharadi, who then took the initiative forward, and distributed the raincoats among people who had a need, but could not afford them.

The drive highlighted the spirit of giving, compassion, and community service. The generous contribution reflected the commitment towards creating a positive impact in society. The Raincoat Distribution Drive was a meaningful initiative that brought together students, parents, the Interact Club, and the Rotary Club in a collective effort to support the community during the rainy season, which encouraged the growth of values of empathy, social responsibility, and service among the young Kalyaniites.

Raksha Bandhan Celebrated in the Elementary Wing

The students of Junior KG, Senior KG, and Nursery celebrated Raksha Bandhan, on 27th of August, for the Bhaiyas and Bus Dadas of the school. The celebration provided the children with an opportunity to understand the values of love, care, respect, and gratitude through a meaningful cultural experience.

The little students participated in the traditional rituals and tied colourful rakhis on their Bus Dadas' wrists, as a gesture of love and appreciation. The children performed the traditional 'Aarti' and followed the various rituals associated with tying a rakhi. The celebration was filled with smiles, warmth, and a strong sense of togetherness. Through this activity, the children experienced the cultural significance of Raksha Bandhan, while learning the importance of caring, and building bonds with others. The event concluded on a happy and memorable note, leaving the children and Bus Dadas with cherished moments of love and togetherness.

"What I spent I had; what I saved I lost; what I gave, I have."
— German Proverb

LEARNING THE RIGHT WAY

Guest Lecture

A Guest Lecture was organized by the Career Counselling Department, on 4th of August, for the students of Grades IX and X, on the topic, 'Physics in Daily life and Beyond'. The session was conducted by Mr. Arun Kumar Sahu, Co-founder and Director, Shiksha Gurus Academy, and Mr. Mukul Kumar (Physics Faculty). The objective of this session was to introduce the students to the importance of Physics in daily life; how to attain higher education in the subject, and the best ways to prepare for the competitive examinations.

The lecture created awareness about diverse career opportunities available after studying Physics in Grades IX to XII. The students were guided on how to make informed academic and career choices, based on their interests and strengths. Mr. Sahu shared his academic journey and experiences of mentoring students, and emphasized the importance of building strong conceptual foundations, maintaining consistency in preparation, and developing logical thinking skills, to get expected results. The session highlighted how Physics serves as a gateway to numerous careers in engineering, technology, research, defense, aviation, data science, robotics, space science, and other STEM disciplines.

Mr. Sahu also discussed effective methods to study Physics in our daily lives; the strategies and time management; and the mindset required to succeed in competitive examinations, such as JEE. Students were encouraged to remain curious, ask questions, and focus on understanding concepts, rather than memorizing formulas. Mr. Mukul Kumar complemented the session by explaining how conceptual clarity in Physics enhances analytical and problem-solving skills, which are essential for success in both board examinations and competitive entrance tests.

The speakers encouraged the students to choose careers aligned with their aptitude, interests, and long-term aspirations, while developing strong fundamentals in Mathematics and Physics.

The attendees gained a clearer understanding of the importance of Physics, and became aware of multiple career pathways available through Physics, beyond traditional engineering. They understood the value of conceptual learning, disciplined preparation, and continuous practice; and also, the practical strategies for preparing for competitive examinations.

The guest lecture was an engaging and insightful session, and inspired students to approach their studies with confidence, curiosity, and purpose.

"Live as if you were to die tomorrow. Learn as if you were to live forever."

— Mahatma Gandhi

ISRO SPARK Programme

On 31st of July, and 7th of August, the students of TKS participated in the ISRO Space Passion Awareness and Research Programme (SPARK), a prestigious initiative aimed at nurturing scientific curiosity, research aptitude, and a deeper understanding of space science among students.

In July, they explored the fundamental concepts of force and its different types, Newton's laws of motion, the law of gravitation, mass and weight, centripetal and centrifugal forces, and the mathematical relationship between force, mass, and acceleration. They also learned why the acceleration due to gravity varies, and how these concepts are closely connected to the design and functioning of rockets, satellites, and space missions. The participants were Atharv Tiwari from Grade VII, and Tanvi Nigam, and Arnav Khandelwal from Grade VIII.

During the session, the students explored the fascinating concepts of waves and their types, characteristics of sound waves, the Doppler Effect, the electromagnetic spectrum, optics, different types of lenses, the human eye, refraction and its laws, telescopes, interference, and diffraction. They gained an appreciation of how these fundamental concepts of physics are applied in astronomy, telescopic observations, satellite communication, remote sensing, and space exploration. The participants were Tanvi Nigam and Arnav Khandelwal of Grade VIII, and Ariana Jhajhoria of Grade VII. As a practical extension of the learning, they were assigned to construct a simple telescope and determine the wavelengths of white light and red light, encouraging them to apply theoretical concepts through hands-on investigation.

The sessions provided a valuable opportunity for the students to connect classroom learning with real-world applications in Physics and Space Science. They encouraged the Kalyaniites to observe, question, experiment, and think beyond conventional textbook learning. The hands-on assignment further strengthened their problem-solving and investigative skills, making the learning experience meaningful and engaging.

The programmes were highly informative, experiential, and inspiring, deepening their interest in the fascinating world of Science. It encouraged them to recognise how seemingly fundamental concepts can contribute to sophisticated technologies and scientific discoveries, and inspired them to become future scientists and innovators, contributing to India's growing achievements in space exploration.

"If you are curious, you create opportunities, and then if you open the doors, you create possibilities."

— Mario Testino

LEARNING THE RIGHT WAY

Guest Lecture

The Kalyani School hosted an inspiring Alumni Interaction Session with Batch 2022 alumnus, Divyaratna Joshi, on 3rd of August, for the students of Grades X-XII. The session aimed to provide the students with valuable insights into the journey of a successful alumnus, and the key to his success.

Divyaratna shared his journey from school to IIT Madras, and spoke about his passion for innovation, automation, and engineering. He shared his experiences of working on automation projects and building spaces for Formula racing cars, which reflected his curiosity, creativity, and enthusiasm for application of knowledge, in solving real-world challenges. He emphasized on the importance of perseverance, exploration, and continuous learning.

He encouraged the Kalyaniites to look beyond the syllabus, and to integrate academic learning with curiosity and practical experiences. He also spoke about life beyond the school environment, highlighting the importance of independence, self-accountability, and accepting responsibility for one's choices and actions. He also encouraged the students to develop empathy, respect, and kindness towards people from all walks of life. The interactive session provided the students with valuable guidance on academics, careers, and personal growth. Divyaratna's success and insights encouraged them to remain curious, embrace challenges, take responsibility for their actions, and pursue their goals with confidence and compassion.

The interaction strengthened the bond between the school and its alumni, reaffirming the lasting impact of alumni experiences in guiding and inspiring future generations.

The students of Grade I were taken on an educational field trip to Global Dental Care, where they were introduced to the fascinating world of dentistry. The visit provided them with an opportunity to understand the role of a dentist, and observe how dental check-ups are conducted. They were also shown the various dental tools and equipment required to treat a patient. Dr. Bhawna Singh, conducted an engaging and informative session on oral health, highlighting the importance of caring for both teeth and gums. She explained how regular brushing, flossing, and rinsing help prevent cavities, infections, and other dental problems. The students learned that developing healthy dental habits at an early age lays the foundation for lifelong oral health. The visit was enriched with interactive activities and demonstrations, that made learning enjoyable and meaningful. The hands-on experience sparked curiosity among the young learners, and helped them develop a greater awareness of the importance of dental care.

Overall, the field trip was a fun, informative, and enriching experience, allowing students to learn valuable lessons about oral hygiene while creating wonderful learning memories.

"Once you carry your own water, you'll remember every drop."

LEARNING THE RIGHT WAY

Talent Development Programme

The Talent Development Programme sessions of Grade VI in the month of August, created several opportunities for students to step out of their comfort zones, think differently and learn through experience. It was a month filled with challenges, curiosity, trust, strategy and meaningful conversations!

The first session, The Blindfold Walk, took the students through an exciting journey of trust, communication and cognitive thinking. It became increasingly challenging when students had to communicate without using spoken language. With the use of claps, snaps, sounds and creative strategies, the students experienced powerful learning about trust and teamwork. The Knight's Challenge further pushed students to think strategically and persist despite repeated struggles. The session concluded with a meaningful discussion on responsibility, where the participants reflected on their actions and took up new personal commitments, recorded through their TDP diaries.

The second session brought together leadership, teamwork and the courage to face challenges. Through the non-verbal relay challenges, the students faced demanding burdens and obstacles, leading to an important discussion on how to deal with them. A special highlight was the impromptu interaction with our guest Mr. Abhishek Whig, which turned into an engaging exchange of questions, experiences and insights on discipline, trust and responsibility. The students left with memorable learning, personal messages in their diaries, and renewed enthusiasm.

Overall, the month witnessed strong participation in discussions, effective debriefing and meaningful reflection, and continued to create impactful learning experiences.

“Some things are so important, that you have to learn about them on your own.”
— Paulo Coelho

LEARNING THE RIGHT WAY

The Career Counselling Department Initiatives at TKS

The 10th IC3 Annual Conference 2026, themed 'Looking Deeply from Information to Insight', was conducted in the TKS premises on 19th and 20th of August, and brought together a global community of universities, schools, higher education institutions, educators, counsellors, and access organizations to explore the evolving role of counselling in education. The conference focused on moving beyond the traditional understanding of career and college counselling as a standalone service, and explored sustainable models where it is embedded within the curriculum, and ethos of educational institutions. A key focus was on enabling students to move beyond simply receiving information towards developing self-awareness, insight, and purposeful decision-making. A diverse global community of educators, counselors, and education leaders graced the conference, which provided a valuable platform for sharing global practices, exploring emerging trends, and strengthening connections between schools and higher education institutions.

TKS participated in the IC3 Expo, providing an opportunity to showcase the school's initiatives, and to interact with representatives from universities, schools, and educational organizations from around the world. The exhibition enabled the TKS delegation to present its work in career guidance and student development, while exploring potential collaborations and opportunities for students. The conference helped broaden the understanding of international pathways, emerging programmes, admission trends, and opportunities available to TKS students. The session examined the realities and nuances of university admissions that may not always be evident from brochures or publicly available promotional material.

The session emphasized the need to prepare students for a world characterized by uncertainty and rapidly evolving careers. Skills such as adaptability, resilience, agency, reflection, and purposeful decision-making were highlighted. The exposure supported the Career Counselling Department in further strengthening university engagement, international opportunities, and informed higher education guidance.The sessions attended during the conference provided valuable insights across higher education, and the changing needs of today's learners. It explored the less visible emotional challenges that some high-achieving students may experience, and emphasized the importance of looking beyond academic performance, and understanding the whole student.

The conference provided several important directions for further strengthening the Career Counselling framework at TKS, where counselling is a culture, and is increasingly becoming a school-wide responsibility, rather than the responsibility of the Career Counselling Department, alone.

The 10th IC3 Annual Conference 2026 was a significant professional learning and networking experience for The Kalyani School. The theme captured the central shift required in contemporary career counselling — from merely providing students with information to enabling them to develop insight, agency, purpose, and the capacity to navigate an increasingly complex future. The learnings will provide valuable direction for further strengthening the Career Counselling framework at TKS, and for building a sustainable counselling culture that supports every student in making informed, purposeful, and future-ready choices.

LEARNING THE RIGHT WAY

The Career Counselling Department Initiatives at TKS

A guest lecture on Entrepreneurship and Startup Building, was conducted for the students of Grades IX-XII, at The Kalyani School, by three professionals with diverse experiences across higher education, growth strategy, branding, marketing, and entrepreneurship. The speakers collectively highlighted that entrepreneurship is not limited to starting a company, but identifying opportunities, solving problems effectively, understanding customers, taking calculated risks, communicating, and adapting continuously. The students were encouraged to develop an entrepreneurial mindset, regardless of the career path they eventually choose.

The speakers also introduced the upcoming Masters' Union Startup Boot Camp, scheduled for 23rd and 24th of October, at The Kalyani School. The boot camp will provide students with a more hands-on opportunity to explore the startup journey, and to learn about the different stages of building a venture. The programme was presented as an opportunity for students interested in entrepreneurship, to move beyond theoretical understanding, and experience the process of developing a startup idea. The guest lecture provided the students with an engaging introduction to entrepreneurship, startup culture, and growth-oriented thinking, and enabled interested students to apply these concepts through experiential learning, and gain a deeper understanding of the startup ecosystem.

The Career Counseling Department of The Kalyani School organized the Annual College and Career Fair – 2026 on 24th of August, for students and parents of Grades IX to XII. The event provided a valuable platform for students to explore diverse higher-education pathways and engage directly with university representatives from around the world.

The event witnessed participation from 95+ global universities. The students and parents interacted with the representatives of the universities and colleges, to understand courses and programmes, eligibility and admission requirements, subject prerequisites, entrance and standardized testing, application timelines and processes, scholarships, summer programmes, and other aspects of planning for higher education.

A big number of TKS Alumni also attended the Fair. Their presence added a meaningful and relatable dimension to the event. The students interacted with them to hear first-hand experiences about university selection, admissions, academic pathways, campus life and their transition from school to higher education. These conversations helped them connect their aspirations with practical experiences and make more informed choices.

The event was an impactful initiative by the Career Counselling Department. The strong participation of global universities, alumni, students and parents, created meaningful opportunities for dialogue, exploration and guidance. The event strengthened the students' awareness of diverse education pathways and supported them in taking informed steps towards their academic and career goals.

LEARNING THE RIGHT WAY

Shri Sangam Conclave

TKS Facilitators, Ms. Prasuna Vemuri and Ms. Akanksha Jahagirdar participated in Shri Sangam 2026, from 19th to 21st of August, in Delhi. It was an enriching three-day learning experience focused on the meaningful integration of Artificial Intelligence in education. The sessions covered Generative AI, Prompt Engineering, responsible AI, AI-powered creativity, computational thinking, spreadsheets and AI tools for educators. The attendees explored practical applications of AI for lesson planning, classroom resources, meetings, personalized learning, video creation and concept mapping. The event also emphasized AI ethics, student safety, data privacy and the importance of human judgement. The hands-on sessions provided valuable exposure to various AI tools and innovative approaches that can be thoughtfully integrated into teaching and learning. The teachers also had a training conducted by LogIQids, on how to build logical reasoning, problem-solving, and computational thinking skills in children.

Overall, Shri Sangam 2026 was an inspiring and insightful experience, which equipped the teachers with new ideas, skills and perspectives to enhance teaching practices.

INDEPENDENCE DAY CELEBRATION AT TKS

The spirit of patriotism and pride resonated, as the Independence Day celebrations were held on 15th August, at The Kalyani School, with reverence and solemnity. The programme was a fitting tribute to the freedom of our nation, and to the countless sacrifices of the brave-hearts, who made it possible. The celebrations began with inspiring speeches that reflected upon India's journey as a free nation, and reminded everyone of the significance of the day. By hoisting the Tricolour, a heartfelt tribute was paid to the martyrs whose courage, sacrifice and unwavering commitment to the nation, continue to inspire generations. The atmosphere turned especially poignant with a soulful rendition of 'Vande Mataram' that filled the gathering with a deep sense of gratitude and pride.

Adding colour, energy and cultural vibrancy to the celebrations was the Inter-House Dance Competition. The Houses presented powerful and beautifully choreographed performances celebrating the diversity, unity and cultural richness of India. The highlight of the event was that each presentation was choreographed by the students themselves, without any outside help, or intervention of their teachers. The performances were enthusiastically received by both the judges and the audience, who greatly appreciated the creativity, confidence and dedication displayed by the participants.

The judges appreciated the remarkable talent, teamwork and presentation skills demonstrated by all the participating Houses. The enthusiastic response from the audience further added to the celebratory spirit of the occasion. The programme, however, went beyond celebration. It offered an opportunity to reflect on the true meaning of independence in contemporary times. Freedom is not merely the absence of colonial rule; it also carries with it the responsibility to exercise our rights wisely, respect the rights of others and contribute meaningfully to society. The celebrations reminded everyone that the privileges of freedom come with corresponding duties as responsible citizens.

The day concluded with a renewed resolve to uphold the values enshrined in the Constitution of India — justice, liberty, equality and fraternity. The celebrations thus became not merely a commemoration of the past, but a reminder of the responsibilities we bear in shaping the future of our nation.

Results of the Dance Competition

FIRST POSITION – **SAHYADRI HOUSE**
SECOND POSITION – **KOYNA HOUSE**
THIRD POSITION – **KRISHNA HOUSE**
FOURTH POSITION – **GODAVARI HOUSE**

INDEPENDENCE DAY CELEBRATION AT TKS

"We believe in peace and peaceful development, not only for ourselves but for people all over the world."

— Lal Bahadur Shastri

SCHOOL COMPETITIONS

Aarohan

The Kalyani School witnessed an exhilarating display of talent, creativity and academic excellence during Aarohan, its much-awaited inter-school event that brought together students from numerous schools, for a diverse range of competitions across multiple subjects and disciplines. Designed to promote experiential learning, healthy competition and collaborative growth, the event truly lived up to its name by inspiring every participant to rise to greater heights. A large number of well-known schools from Pune, participated in six different categories:
K-Talk, Robo Rampage, Wordly-Wise, The Kalyani Quest, JAM and Mathaton. There were literary contests and scientific explorations, to mathematical challenges, and expressions of quick thinking. Aarohan provided a vibrant platform for young minds to showcase their abilities beyond the classroom. The enthusiastic participation of schools added to the spirit of camaraderie and made every competition both exciting and enriching. The Kalyaniites delivered an exceptional performance across categories, displaying remarkable confidence, creativity and subject proficiency. Their dedication and perseverance were reflected in the impressive number of awards and accolades they brought home, making the school immensely proud. Their achievements stood as a testament to the school's commitment to nurturing well-rounded learners who excel both academically and creatively. The event was meticulously planned and seamlessly executed, ensuring a memorable experience for participants, judges and guests alike. Every competition was conducted with fairness, professionalism and enthusiasm, reflecting the school's high standards of organization and hospitality.

More than a competition, Aarohan reaffirmed The Kalyani School's belief that education extends beyond textbooks. By blending knowledge with creativity, teamwork and joyful participation, the event transformed learning into an engaging and meaningful experience. It was yet another successful initiative that celebrated excellence, encouraged curiosity and inspired students to learn, compete and grow together.

"God gives every bird its food, but He does not throw it into its nest."
— J.G. Holland

SCHOOL COMPETITIONS

FORGE - A TKS Initiative

On 22nd and 23rd of August, The Kalyani School successfully hosted FORGE 2026 – The Business Crucible, its premier two-day, student-led Inter-School Business Simulation. Designed to bridge the gap between classroom learning and real-world corporate decision-making, FORGE brought together aspiring entrepreneurs, strategists and innovators to participate in challenging, immersive business simulations. The objective of FORGE was to provide the students with an experiential platform to apply business concepts in real-world simulations, while developing strategic thinking, communication, collaboration, leadership and decision-making skills under pressure.

FORGE was conceived and driven by the Kalyaniites, and was brought to life through the collective efforts of the student committee, teachers and volunteers. The student-led nature of the event gave young organizers an opportunity to take ownership of planning, coordination, communication and execution, while allowing participants to experience business situations beyond the conventional classroom. Over the two days, the participants engaged in four immersive simulations that tested different dimensions of business thinking.

'Boardroom Battles' placed them in a corporate acquisition and negotiation environment, testing leadership, negotiation, strategic thinking and stakeholder management. 'Pitch Perfect' challenged teams to develop and present innovative business ventures, which asked them to demonstrate financial planning, market understanding and persuasive communication. 'Brand Wars' focused on marketing and branding, with teams creating campaigns for assigned brands or objects. Finally, 'Mayhem' placed the participants in simulated corporate crises, where they had to respond strategically, manage pressure and protect organizational reputation.

Each simulation was designed to make the students think on their feet rather than reproduce textbook answers. They had to analyze situations, make decisions, defend their choices, collaborate with their teams, and adapt when faced with changing circumstances. The event was enriched by the presence of an accomplished panel of professionals and student judges who brought diverse perspectives and valuable insights to the simulations. The participation of both, accomplished industry professionals and student judges, gave authenticity to the evaluation process, and gave the participants an opportunity to receive perspectives beyond the school environment. The feedback given by the TKS Alumni, Disha Pal, Drishti Agarwal, Anay Shukla and Aaryan Rai, added depth to the programme. Working within strict timelines and managing a live inter-school event enabled them to experience the challenges and rewards of taking an idea from conception to execution. The support and guidance provided by the school, along with the dedicated efforts of the Senior School Commerce faculty, student committee and volunteers, created the framework within which students could take ownership while ensuring the smooth conduct of the event.

The successful culmination of FORGE was the result of months of planning, preparation, discussions, revisions and teamwork. More than the successful conduct of the competition, FORGE became a great learning experience for everyone involved. FORGE 2026 successfully created a space where students could think like entrepreneurs, act like professionals and respond to real-world business challenges. The event was more than an inter-school competition. It was a two-day celebration of innovation, leadership, creativity, strategy and experiential learning. FORGE 2026 was, ultimately, a journey of hard work, collaboration, learning and achievement — a true Crucible of Leadership and Business Thinking.

FORM MORNING

Grade IV

On 7th of August, the students of Grade IV captivated the audience with their delightful Form Morning presentation, 'Dastaan-e-Birbal', bringing to life one of the timeless tales of the wise and witty Birbal, the Prime Minister of Emperor Akbar.

The story revolved around the jealous plotting of the other aristocrats of the court, to remove Birbal from the favour of the Emperor. However, true to his reputation, Birbal outsmarted the conspirators every time they tried their tricks, and made a dramatic return to the court. Birbal never failed to expose their plots, leaving the villains speechless, and earned the Emperor's admiration all the time.

The vibrant costumes, impressive props, and dazzling stage settings transported the audience to the grandeur of Akbar's court. The confident dialogue delivery and expressive acting of the students, enhanced the humour in the plot, along with the vindication of justice and truth over lies and wrongdoing. The students performed with remarkable ease and enthusiasm, making the presentation both entertaining and meaningful. The engaging music, and energetic dance performances added grace and melody to the presentation, and made every scene remarkable and praiseworthy.

The students expressed their excitement about participating in the Form Morning, and shared that they learnt many new things, especially the correct pronunciation of Hindi words. They were also excited about the grandeur of the costumes, which gave them the feeling of being a part of the royal court. Though they were initially nervous, the overwhelming appreciation they received from the audience, boosted their confidence, and made them appreciate the teamwork and preparation, which made the event truly special.

The Form Morning received rounds of applause and heartfelt appreciation from the audience. It was not only a wonderful theatrical presentation but also a valuable learning experience that helped students develop an appreciation for India's rich cultural heritage. Indeed, it was a memorable celebration of creativity, learning, and collaboration.

"Not to know is bad; not to wish to know is worse."
— African Proverb

FORM MORNING

Grade III

The Form Morning of Grade III was conducted on 21st of August, based on the very renowned children's book, Holka Polka, by D. M. Larson. It is a humorous fairy-tale mystery about Brenda, a young witch on a mission to save Fairy Tale Land. The story revolves around her help to the Big Bad Wolf and Cindy, and her efforts to rescue a prince from a mysterious sleeping spell. It highlights courage, friendship, self-belief, and the importance of not judging others.

The young performers of Grade III brought the story to life with expressive dialogues, and confident acting. Their colourful costumes, cheerful expressions, and energetic stage presence kept the audience thoroughly entertained throughout the performance. The play was beautifully interwoven with melodious songs and vibrant dance performances, adding rhythm, colour, and excitement to the programme. Every child participated with confidence, displaying commendable teamwork, coordination, and creativity. The event provided the students with a valuable opportunity to develop their communication skills, self-expression, and confidence on stage.

The Grade III Form Morning was a memorable celebration of the children's talent and hard work, and it was warmly appreciated by the audience.

"The only way to have a friend is to be one."

— Ralph Waldo Emerson

END OF MONTH CELEBRATION

Elementary School

On 31st of August, Traditional Day was celebrated by the children of the Kindergarten section, when they had an opportunity to explore India's rich cultural diversity through engaging activities.

The Show and Tell activity encouraged Nursery, Jr. KG, and Sr. KG students to speak confidently about different Indian states, sharing information about their food, language, culture, festivals, attire, and uniqueness. The activity helped them develop communication skills and understand the concept of 'Unity in Diversity'.

The Craft activities included Rangoli craft by Nursery and Jungle Fowl craft by Jr. KG, to showcase their creativity and fine motor development.

As part of STREAM learning, the Jr. KG students conducted a Food Shelf-Life Experiment, while Sr. KG students participated in a Mammal Sorting Game, based on their habitats, developing observation, classification, and critical-thinking skills.

A special Mad about the World Again Activity was conducted with the active participation of Nursery, Jr. KG, and Sr. KG parents. The volunteers collaborated with the children to create bookmarks, pinecone decorations, alligator crafts, and jungle fowl crafts. The activity encouraged teamwork, and meaningful parent-child interaction.

Overall, Traditional Day beautifully blended cultural learning, creativity, STREAM exploration, and parent participation, making the celebration joyful, engaging, and enriching for all children.

"Every child comes with the message that God is not yet discouraged of man."

— Rabindranath Tagore
